Total Coronavirus Deaths in Texas

Yellow highlighted area in the table below are the top 10 states with the highest death rates.

When sorted by % of death by population, the top 10 states with the highest death rates are split 50-50 between some of the highest % vaccinated Democrat states and some of the lowest % vaccinated Republican states.

Note: On 10/17/21, it was discovered that Vermont was not in the 8/6 Worldometer export so numbers from prior tables will vary. All data totals for each export was synchronized to data of the 50 states plus DC and does not include all US territories so this report numbers will be less than Worldometer totals.
